

# BARANI .S

---

## PERSONAL DETAILS

No: 722 53rd cross street, Thiruvalluvar nagar, Thiruvannamiyur, Chennai., 600041 Chennai  
sbarani275@gmail.com, 8925161782  
Date of birth: December 6, 2004  
Place of birth: Chennai  
Gender: Female  
Nationality: Indian

## PROFILE

As an Artificial Intelligence and Datascience student, I am aspired to leverage my professional capabilities, skills and knowledge towards an esteemed organization. I am driven by my responsibilities and the challenges that motivated me to apply the conceptual knowledge into the real world practical context. I am enthusiastic to experience the significant contribution in the technical field of artificial intelligence and datascience through learning new things from continuous growth and development.

## EDUCATION

### B.Tech Artificial Intelligence and Datascience

Jun 2022 – Present

Prince Dr.K Vasudevan College of Engineering and Technology, Chennai  
CGPA: 8.03 (till 2nd semester)

Jun 2020

Sri Sankara Matriculation Higher Secondary School, Chennai  
Secured 78% in board examination

## SKILLS

Python, C, C++

Communication skill

Problem solving skills

Prompt Engineering

## LANGUAGES

English, Tamil, Hindi

## PROJECT

Title : Domain Name Server (DNS)

Objective : Developed a DNS filtering service Integrating threat intelligence feeds and AI/ML Techniques to improve cybersecurity measures.

Technologies Used : python, AI/ML algorithms.

Impact : Enhanced network security effectively filtering malicious domains and reducing cyber threats.

## PERSONAL TRAIT

- Problem solving ability
- Adaptability
- Punctuality

## DECLARATION

I hereby declare that the information given above is true to the best of my knowledge and belief.
